

Homework #7

What head is that?

Drawings can be made up of shapes

A **shape** is an element of art. Specifically, it is an *enclosed space*, the boundaries of which are defined by other elements of art (i.e.: lines, colors, values, textures, etc.).

Shapes are limited to two dimensions: length and width. **Geometric** shapes - circles, rectangles, squares, triangles and so on - have the clear edges one achieves when using tools to create such shapes. **Organic** shapes have natural, less well-defined edges (think: an amoeba or a cloud).

Homework:

- Draw these three heads.
- I need to see you draw the steps as well, so you will end up with 12 drawings.
- Make them large.

Basics Cartoon Head - 09-Mar-00

Let's Draw Cartoon Heads

Oval Shape

- 

1. Begin by drawing a shape. In this case it's an oval with 2 guidelines.
- 

2. Using these guidelines add eyes, Eyebrows, and a nose
- 

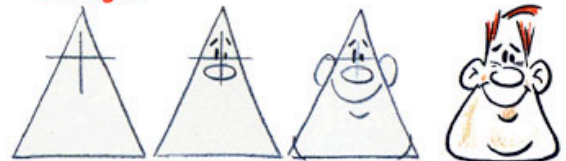

3. Sketch in some ears and a mouth
- 

4. Add some hair and detail and there's your finished cartoon head

Heads from Triangle & Diamond - 08-Apr

Different Shapes...Different People!
